### Summary of reasons for decision:

The clip tends to promote and support the exploitation of young persons for sexual purposes. This file depicts explicit sexual activity between a female and a male engaging in a teacher and student fantasy. Although the woman is likely a young adult she is convincingly presented as a teenage schoolgirl. The file, intended for the sexual arousal of an adult male audience, encourages the idea that young persons are legitimate partners for adults in sexual activity. The Classification Office has considered the effects of the New Zealand Bill of Rights Act 1990 on the application of the classification criteria. The classification interferes with the freedom of expression, but this is an

outcome that is consistent with Parliament's intention that publications that tend to promote and support the exploitation of young persons for sexual purposes be classified objectionable.
